## 【AKITA Tazawako Local Rules】

These rules are the Official Local Rules for Tazawako Ski Resort and the surrounding area. In order for winter sports to be enjoyed safely, we ask that each skier and snowboarder take individual responsibility and share the rules with others as they engage in their activities.

### 1. Restricted areas

(1) Entry into areas outside of the ski resort's managed areas-as determined by Tazawako Ski Resort-is prohibited unless the conditions of Section 2 below are met. Additionally, entry into restricted areas or closed courses is not allowed even if they are within the ski resort's managed areas.

(2) Please obey signboards, signs, rope boundaries, and instructions from ski resort staff and ski patrols. Violators may have their lift tickets confiscated and be ejected from the resort.

### 2. Regarding skiing outside of the ski resort's managed areas

(1) Please use the ski lift and climbing route (Alpa Komakusa-Akita Komagatake 8th Shelter hut). If you are out of the controlled area, you must submit a Mountain-Climbing Registration Form.

(2) Do not go past rope boundaries. Entry into areas outside of managed areas is only allowed from set locations (Ginrei third lift upper point and Alpa Komakusa - Climbing Route to Akita Komagatake Mountain 8th Shelter).

(3) Outside of managed areas, there are dangers such as trees, boulders, sudden terrain changes (snow cornices, cliffs, mountain streams), and avalanches. For this (beacons, probes, scopes, etc.).

### 3. Responsibilities of customers who are outside of ski resort managed areas/inside restricted areas.

(1) Regarding accidents etc. that take place outside managed areas/inside restricted areas, the ski resort management accepts no responsibility.

(2) If search and rescue activities are undertaken in response to accidents etc. those involved will be billed for fees as listed below.

<b>Search and rescue fees (Senboku City) *To be paid by requester (or their family)</b>
Search fee : Each person/day - ¥30,000    Search party meals : Each person/day - ¥2,000 Transportation : Each vehicle - ¥5,000    Other special vehicles etc. (snowcats, snowmobiles, etc.) will be charged at- cost.

### [Supplementary provisions]

Leaving outside the designated area may lead other people off the course. Absolutely not.

In winter mountainous areas, movement and communication may be difficult due to topography and weather conditions.

In some cases, emergency rescue or emergency treatment may not be possible.

### [About submission of Mountain-Climbing Registration Form]
